

## Just An Affair (Indigo: Sensuous Love Stories)

Caryl Walker has just escaped to the Virgin Islands after breaking up with her married lover, Alexander Thorne. After keeping men at bay for almost a year, she meets Joshua Tain, the charming CEO of Tain Music, which happens to be the company that Caryls father is trying to get his hands on. Following a terrible accident, Caryl is left with no memory of Joshua or her year in the Islands, which Alexander sees as an opportunity to convince her that their breakup never happened. How will Caryl react when she uncovers the truth?
