

Persuading Annie

It was the perfect opportunity for closure...Meet Annie Markham. Gentle, sweet and kind. Except for her dark side. A dark side called Jake Mead. Seven years ago he had been her entire world, even though her godmother had tried to persuade her to dump him. But when the going got tough, Annie's tough got going. Jake's hasty departure from her life proved that a) godmothers are cleverer than they look and b) the only thing reliable about men is that they're totally unreliable. Now Jake is back in her life. And he's the one man who may just save her family's ailing company. But what Annie doesn't know is that Jake has an Achilles heel. An Achilles heel called Annie Markham. He's never quite got over her treatment of him all those years ago. This is the perfect opportunity for what some may call closure. But what Jake calls, revenge.
