

Ayden has made it to the free state of Montana, along with his new friends, Will and Amanda. They join forces with those fighting to defend the free states and to gain freedom for the rest of the states. In a daring escapade to re-enter Colorado and find the bunker sheltering the leaders of this evil plan, Ayden flies a team of soldiers in a plane directly beneath, and almost touching, the diplomatic flight from the free states, to avoid radar detection. Breaking away once they're over Colorado, they're spotted and fired upon. With the plane crippled Ayden searches for a place to land. There is nothing...except a lake. Thinking here we go again, Ayden prepares everyone for the crash. From the moment they emerge from the sinking plane they encounter hostiles and engage in exchanges of gunfire. The heat only gets more intense when they reach the bunker and fight their way to the depths to confront the leaders of this war. Author Tristan Miske has blended heart-stopping action with personal relationships to bring you a book you won't be able to put down. Be sure to also read the first book in this series, Journey to Freedom: Fall of a Nation.
