

“Mel and Trixie’s Additional Luck” Is a sequel to “As Luck Would Have It.” A zany comedy about the lives of fun-loving Mel and Trixie Carter; tired of the crazy, wild, helter-skelter, uncontrolled life they are living, the Carter’s vow to handle their money better. It is time to sit back and enjoy life and their beautiful home. Mel needs activities to keep him active and healthy. Fishing in his private pond, he calls a lake, wasn’t enough to keep him physically fit. Crazy problems flared up each time they tried new activities. As a nice gesture to a neighbor, Mel feeds his grass clippings to the neighbor’s goats and baby calf. Calves grow up. This particular calf turns into a devil cow and becomes a menace to Mel.
