

No One Left Behind: The Lt. Comdr. Michael Scott Spercher Story

Amy Waters Yarsinske, a former intelligence officer and Pulitzer Prize-nominated author, breaks the incredible true story of Lt. Comdr. Michael Scott Speicher, the first American pilot shot down during the Gulf War, found alive in Iraqi custody eleven years after the US government left him for dead. Tracking this explosive story for the past eight years, Yarsinske interviewed top government and military officials, diplomats, pilots, informers, and Iraqi defectors to write a stunning true account of the denials and cover-ups that obscured an essential fact: Speicher actually survived.
