

I Am Indigo

Indigo Children are intuitive, bright and strong-willed. Being a teenager is challenging anyway but being an Indigo is both wonderful and extra challenging. They are often misunderstood as they don't fit into the one size fits all established rules and patterns. This causes problems at school and in the home. In *I Am Indigo*, Heather Prince a mother of three, the youngest being an Indigo Child, offers information in an entertaining style, about who the Indigo kids really are. About understanding the Creator Within, that life is our own responsibility; the choices we made yesterday brought about the life we have today. Allowing the Indigo kids to believe in themselves and if they don't like what they have, then act and move on. Allowing the return to their own inner wisdom, awakening and opening their mind. The book explains what an Indigo is and a questionnaire to discover if a person is an Indigo and which type. You'll be fascinated to discover why Indigos are here, what qualities they have and how to help Indigos using alternative solutions to improve self image, achieve their goals, and get along with parents/teachers. How meditation can help to get in touch with their sixth sense and to train, use and expand their psychic power. This is a groundbreaking book that can positively affect the ways in which Indigos interact with parents, teachers and caregivers, altering the shape of their future in miraculous ways. Our own beliefs about life and our perceived reality are stretched, leaving us with a refreshing perspective on the true nature of reality. An indispensable book for Indigo kids, a must-read!
