

The Spice of Life (or TSOL, to fans) follows Jake Furie Lapin, a 37-year-old sexaholic and loving Dom. As the first book in a three-part series, TSOL explores Jake's transformation from a submissive, out-of-shape man, stuck in a sexless marriage, to a strong, successful, fit, loving Dom. This first book follows Jake as he describes his many sexual adventures, in great detail, to Kelli, his sex therapist. Kelli Lemberg is a successful sex therapist who has an office-based practice in Manhattan. Like Jake, Kelli finds herself trapped in a marriage that is lacking heat and passion. Through her sex therapy sessions with Jake, Kelli begins to undergo an amazing transformation of her own.
