

Stranger in the Wizards Tower

Poor bumbling Athin cant get anything right. Unlike his dazzling rival apprentice, Mir, his magic is flaccid and weak. When he sneaks into his masters forbidden study he sets in motion a series of events that spiral out of control. Worlds away at a highway pit stop, Dustin is used as a pawn in a greater game and gets sucked into another world. The way home barred, his only way back is forward, with the help of a bewitching sorceress and a curious young apprentice. The Land of Lenoran has stability under the rule of wizards, but that peace is threatened by the rising power of the warrior class. Their ruthless leader controls the lands dragons and will stop at nothing to gain every advantage in the coming war. In this fun romp across worlds, a team of unlikely allies sets out on a journey of discovery. Over five mind-blowing days, Athin and Mir both set their sights on the handsome stranger from another world. Will the magic that brought them together now tear them apart?
