

Inheritance: A Dominion Novel

Seiran Rous life is complicated. He's the only male in the world allowed to take magic classes in a female-dominant society, his vampire boyfriend, Gabe, is hinting that he wants more, and his mother is demanding a grandchild. But when a co-worker turns up dead on his doorstep, Seiran realizes his problems are only beginning. With the police dogging his steps, a stalker-like bartender watching his every move, and a magic groupie following him around, Seiran is finding it hard to hide his power. A power that if revealed could get him killed. The Dominion, the ruling body of elemental magic, seems to have started a deadly game to control the rare magic he possesses. Someone is pulling strings, murdering witches, and gathering power. When Seiran finds himself next on the hit list, he doesn't know whether to run and hide or prove himself to be the powerful witch he is. If he stands up and fights, he'll have to decide what is more important: hiding his power or protecting the ones he loves.
