

This Will Be Difficult to Explain and Other Stories

These loosely connected hypnotic stories about memory and desire, from Giller Prize winner Johanna Skibsrud, introduces us to an astonishing array of characters who time and again find themselves face to face with what they didn't know they didn't know, at the exact point of intersection between impossibility and desire. A young maid at a hotel in France encounters a man who asks to paint her portrait, only later discovering that he is someone other than who we think he is. A divorced father who fears estrangement from his thirteen-year-old daughter allows her to take the wheel of his car, realising too late that he's made a grave mistake. Taking readers from South Dakota to Paris, to Japan, into art galleries, foreign apartments, farms and beach hotels, *This Will Be Difficult to Explain* is a masterful and perceptive series of tales from one of fiction's brightest new voices.
